

AEGT15055/ AEGT15056: AEG 150cm 18W T8 Tube

Lumen Output

2,800 lm

Voltage

AC 110-240V

Power

18W

Lifespan

50,000 hr

Model Number: AEGT15055/AEGT15056

- AEGT15055/56 is a professional T8 tube that uses SMD LED technology, with very high luminous efficacy.
- It is characterized by excellent thermal management due to its aluminum heat sink.
- It is suitable for areas requiring heavy use and 24/7 operation, such as: hospitals, hotels, airports...

Features:

- SMD technology
- Non Flickering
- Aluminum + PC
- IP: 20
- Lifespan: 50,000 hr
- Warranty: 5 Years based on normal use
 - 2 Years based on 24/7 use
- Certificates: CE, RoHS

Light Characteristics:

- Light Output: 2,800 lm

- Lumen Efficacy: 155 lm/W

- CRI: >80

- Color Temperature:

Warm White: 3000K

Neutral White: 4000K

Cool White: 6000K

Electrical Characteristics:

- Power: 18W

Voltage: AC 110-240VFrequency: 50/60 Hz

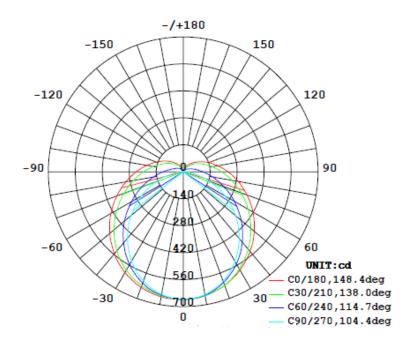

- PF: > 0.9

Heat Management:

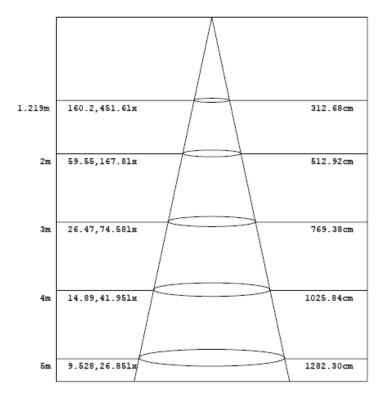

- Excellent Heat Management
- Aluminum Heat Sink
- Operating Temperature: $-20^{\circ}\text{C} \rightarrow 40^{\circ}\text{C}$

Dimensional Drawing:

Product Dimensions:

Length: 1500 mmDiameter: 27 mm

- Product Weight: 0.25 kg

Package Dimensions:

Package Dimensions: 1592x200x218 mm

QTY per CTN: 25 pcs

- Gross weight/ CTN: 7.75 kg

Notes

- The working voltage for the product is 110-240V. Please make sure that the working voltage is between 110-240V before you connect it to the power supply.
- Please check whether there is any damage caused by delivery before you use the products. If there is any flaw, please do not use and inform the supplier.
- Suitable for indoor use only.
